 Increase Your Knowledge
 of the Fine Porcelain
 Produced in Tettau, Germany*

Royal Bayreuth Collectors Club

Offering So Much to Collectors of This Fine Porcelain!

WWW.ROYALBAYREUTH.ORG

Royal Bayreuth Collectors Club was formed in 1995 with a purpose to promote and educate collectors and the public about Royal Bayreuth, offer opportunities to share information and authenticate pieces, and provide an atmosphere of fellowship and friendships within the realm of those who collect.

Each year the Club sponsors a 3-day Convention where members meet to show, sell, and talk Royal Bayreuth.

The Club also hosts an auction at the annual convention. The auction offers many wonderful pieces of Royal Bayreuth to members, as well as giving members the opportunity to sell items.

The club also hosts educational seminars at the annual convention which provide the membership with the opportunity to increase their knowledge of this fine porcelain.

Other highlights of the annual convention are the hospitality room (a place for members to have a snack, visit, and become acquainted with each other), luncheons, and a banquet with entertainment. Members' rooms are also opened for a "room-to-room" visitation to show and/or sell Royal Bayreuth.

With the annual membership dues of only \$30, members receive the quarterly newsletter. The newsletter reports club activities and contains articles of interest to Royal Bayreuth collectors.

Membership privileges also include the right to vote in all elections and to run for any office within the organization.

The greatest benefit of the club is meeting new friends, visiting with old friends, and sharing your hobby together.

To become a member, simply fill out the membership application on the back of this brochure flap, and mail it with the \$30 membership fee to the club secretary (address is on the application).

Join today and start to enjoy your hobby to an extent greater than you have ever imagined!
